

Boats & Equipment

Ensuring our members
have access to a safe,
reliable and relevant
fleet

What you might be doing

- Keeping good order in the compound and workshop
- Developing a system to notify need for repair
- Liaising with coaching on boats types required/usage
- Maintaining boat register
- Ordering parts and spares
- Performing boat safety check
- Repairing boats and equipment –
resin/epoxy/wiring/sanding/basic carpentry

Commitment/time

- Blocks of time on a regular basis to over see a repair job.
- Based in the club workshop
- Can be done when suits you, once skills developed.

Skills, experience or qualities required

- Practically minded, strong DIY skills
- Patience and an eye for detail
- Experience of working with epoxy/resins welcomed but not essential
